- **Less than 6% Saturated Fats** - Olive Oil has 14% & Sunflower Oil has 10%
- **10 times more Omega 3** than Olive Oil - **Rich in Natural Vitamin E**
- **Rich in Omega 3, 6 and 9** – **A Cholesterol Reducing Oil**
- **High Smoke Point at 230°C** – **Ideal for Roasting and Stir - Fries**

MACKINTOSH of GLENDAVENY are proud to appoint MONTGOMERY International as the exclusive distributor for the MENA regions.

Incense Flavours

NATURAL
LEMON
CHILI
GARLIC

100% PURE!

- All the natural goodness, golden colour and great taste are retained in our oil as we add nothing to it – and take away nothing. It is simply 100% pure, healthy home grown oil, cold pressed and bottled on our family farm.
- Rapeseed oil may well be available – BUT – this is mass produced, hot pressed, chemically extracted oil which has even been deodorised taking away any form of the great taste, colour and smell leaving a cooking material with very little goodness.
- ‘Cold Pressed’ is the Key! We cold press our rapeseed gently extracting the oil, retaining all of the natural goodness from seed to bottle. 100% Free from preservatives and chemicals!
